

The Town of Los Gatos Chamber of Commerce Charitable Foundation's mission is to establish an ongoing business and community based platform to support worthy causes for the betterment of the members of our Los Gatos Community. Our Goal is to build a self-sustaining fund or endowment that will provide funds for future community-based projects and scholarships via ongoing contributions and increased participation.

The first year's cash Award of Excellence will go to a Los Gatos High School senior to help support business studies in college. In the future, the program will be open to all Los Gatos residents regardless of the high school they attend.

All of us on the Chamber Board and its management ask that you consider even a nominal-size donation to help our "give back to Los Gatos" foundation. Print this document and make a pledge. Not only is your donation tax deductible, we also intend to publicly thank donors. It's the least we can do to say express our appreciation.
